Given information to the student should be genuine

instead of ranking environment also decides the best college

All the details of student must be correct while admission

**Rajarajeswari M**

Third party option without knowing the information about university is not ideal

The predicted output gives them a lot of idea about their chances

It should be the place for accessing all university admission criteria

the prediction of admission can be collect from previous year document

**Rizwana S**

It should contain the university ranking and information

Don't allowing the third party for applying the universities

gathering information from passed out batch of the university is good

If the student get admission then after application for other university should be made

#### Group Ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.
